# WELCOME ADDRESS

Dear colleagues, dear friends,

It is a true pleasure to welcome you in the 10<sup>th</sup> ARC 2018, Arab radiology conference of the Pan Arab Association of Radiological Societies ( PAARS ) and The 52<sup>nd</sup> Annual Conference of The Egyptian Society of Radiology & Nuclear Medicine ( ESRNM ) to be held in Alexandria, Egypt from the 24<sup>th</sup> to the 27<sup>th</sup> of April 2018, in the great Congress Center Bibliotheca Alexandrina.

This year we celebrate the return to Alexandria after a truly successful edition of ARC 3 in 2009 , with more than 3200 attendees and over 200 invited speakers.

Over a four - days period, both the fundamental and practical aspects of the latest developments in Radiology will be discussed by prestigious and outstanding lecturers whom already have favored our invitation. Aside from plenary sessions, topic symposiums and number of interactive and hands on workshops, a hallmark for ARC 10<sup>th</sup> , 2018 is that specific problems pertaining to the practice of Radiology in the middle East will constitute a major element of the program, and thereby will provide ample opportunities for discussion and interaction among colleagues practicing in this region.

ARC 10<sup>th</sup>, 2018 will also be an opportunity for participants to visit an industrial exhibition where major companies will present their products, supplies and services designed for Radiologists.

Tens of Meetings, hundreds of emails, thousands of minutes spent by devoted members of the scientific and organizing committee to create this state of art. I am very grateful as well to the Executive Board Members of PAARS for their trust.

On behalf of the scientific and organizing Committee, I wish you a prolific and enjoyable ARC 10<sup>th</sup>, 2018. I am sure you will enjoy your stay in our beloved and charming Alexandria with its prestigious and modern facilities and excellent hotels.

Conference rooms, restaurants, and the exhibition hall will all be grouped under the same site thus offering a privileged setting for enduring exchanges.

I am looking forward to welcoming you in Alexandria.

Yours sincerely,

**Prof. Sayed Ghoneim**
